

## Manon LELANDAIS, Ph.D.

---

[manon.lelandais@gmail.com](mailto:manon.lelandais@gmail.com)

Born 1991 in Nantes, France

ORCID <https://orcid.org/0000-0003-4962-0334>

<https://manonlelandais.com>

### Current status

---

**Associate Professor in Linguistics**, Department of English and American Studies, Université Paris Cité. ALTAE Research Lab and Empirical Foundations of Linguistics Research Institute.

**2025-2030 Junior Chair**, Institut Universitaire de France.

**Ph.D. in Language Science**, Université de Nantes, 2019. LLING Research Lab.

### Research

---

#### RECENT PUBLICATIONS (SEE WEBSITE FOR COMPREHENSIVE LIST)

- **Journals**

Q1. Kuryu, D. & Lelandais, M. Accepted. "Iconicity in morphosyntax echoes in gesture and intonation: a multimodal CxG analysis of 'over and over' and 'repeatedly'". *Cognitive Linguistics*.

Q1. Richard, A. B., Lelandais, M. & S. Jacquin-Courtois. 2025. Assessing Cancer-Related Cognitive Impairment for breast cancer survivors with speech analysis. *Speech Communication* 174. <https://doi.org/10.1016/j.specom.2025.103284>

Q1. Lelandais, M. 2025. Gestural strategies in questions during monological discourse. *Linguistics Vanguard* 11(s2). <https://doi.org/10.1515/lingvan-2025-0034>

Q1. Richard, A. B.\*, Lelandais, M.\*, Reilly ; K. T.\*\*, & S. Jacquin-Courtois\*\*. 2024. Linguistic markers of subtle cognitive impairment in connected speech: A Systematic Review. *Journal of Speech, Language, and Hearing Research* 67(12). [https://doi.org/10.1044/2024\\_JSLHR-24-00274](https://doi.org/10.1044/2024_JSLHR-24-00274)

Q1. Lelandais, M. & Thiberge, G. 2023. The role of prosody and gesture in the perception of boundaries in speech. *Speech Communication* 150: 41-65. <https://doi.org/10.1016/j.specom.2023.05.001>

- **Proceedings**

Richard, A., Mouchès, P. & M. Lelandais. 2026. Performance comparison of prosodic features and MFCCs for identifying cancer survivors with cognitive impairment. In *Proceedings of Speech Prosody 2026* (pp. 254–258). Philadelphie, USA. ISCA. DOI: [10.21437/SpeechProsody.2026-51](https://doi.org/10.21437/SpeechProsody.2026-51)

Richard, A., Foncelle, A., Hirsch, F., Jacquin-Courtois, S., Reilly, K. T. & M. Lelandais. 2024. Speech markers of Cancer-Related Cognitive Impairment: A Pilot Study. In *Proceedings of Speech Prosody 2024* (pp. 76–80). Leiden, Pays-Bas: ISCA. DOI: [10.21437/SpeechProsody.2024-16](https://doi.org/10.21437/SpeechProsody.2024-16).

- **Invited keynotes**

Lelandais, M. 2025. "Toward automatic analyses of prosodic boundaries and their accompanying hand gestures". 20th Anniversary of the Corpus of Interactional Data, Laboratoire Parole et Langage. Aix-en-Provence, France.

Lelandais, M. 2024. "Multimodal discourse analysis: methodological challenges ahead". Frankoromanistiktag 2024, 14th Congress of the Franco-Romanist German Association. Passau, Germany.

- **Recent talks**

Lelandais, M. & Pham, T. N. Q. Accepted. A hand movement-based account of silent and filled pauses. MMSYM 2026, Leuven, Belgium (September 2026).

Kuryu, D. & Lelandais, M. Accepted. "How to model multimodality within a construct-i-con: A qualitative turn". AFLiCo 2026, Paris, France (June 2026).

Kuryu, D. & Lelandais, M. 2025. " Does iconicity between linguistic form and meaning boost iconically-motivated gestures and intonation? An analysis of 'over and over (again)' and 'repeatedly'. ISGS 2025, Radboud University, Nijmegen, Pays-Bas.

## FUNDING

Junior Chair Grant (Institut Universitaire de France), **75 000 euros** (2025-2030).

Junior Postdoc Grant (*FWO – Research Foundation Flanders*), **152 000 euros** (2021-2024).

National Ph.D. Scholarship (French Government, Higher Education Department; MESRI), **60 000 euros** (2015-2018).

## EXTERNAL COMMITTEES AND OTHER RESPONSIBILITIES
